

JUNTA GENERAL ORDINARIA 16 05 2012

PERIODO TRANSITORIO DE LAS NORMAS ARMONIZADAS

Quando haya que cumplir con una nueva Norma

- Considerar
 - Período máximo de transitoriedad
- En lugar de:
 - Fecha de puesta en el mercado del aparato

LIFTS INDUSTRY'S NEEDS

- To adapt products to new requirements
 - Analysis of the requirements
 - Design of related components/systems
 - Prototype manufacturing
 - Test
 - Qualification
 - Certification where needed (type-test with/without CE marking)
 - Industrial production
 - Delivery on site
 - Mounting & test on site
 - Putting onto the market = CE Affixing & Declaration of conformity
- **All this to be addressed before date of enforcement of new harmonised standard**
- Several months, several years depending upon complexity

Transitory period - Existing rules

- Duration as from "Date of availability" of the new standard
 - Minimum 6 months
 - Maximum 36 months (silent rule ?)
 - Unless asked differently by stakeholders (mainly by industry)

New standard

- To be defined at
 - CEN TC 10 Formal vote stage

Replacing of existing standard

- Transitory period where :
 - Old standard can be still used
 - New standard can already be used
- End of transitory period :
 - Cessation of presumption of conformity for old standard
 - New standard is enforced

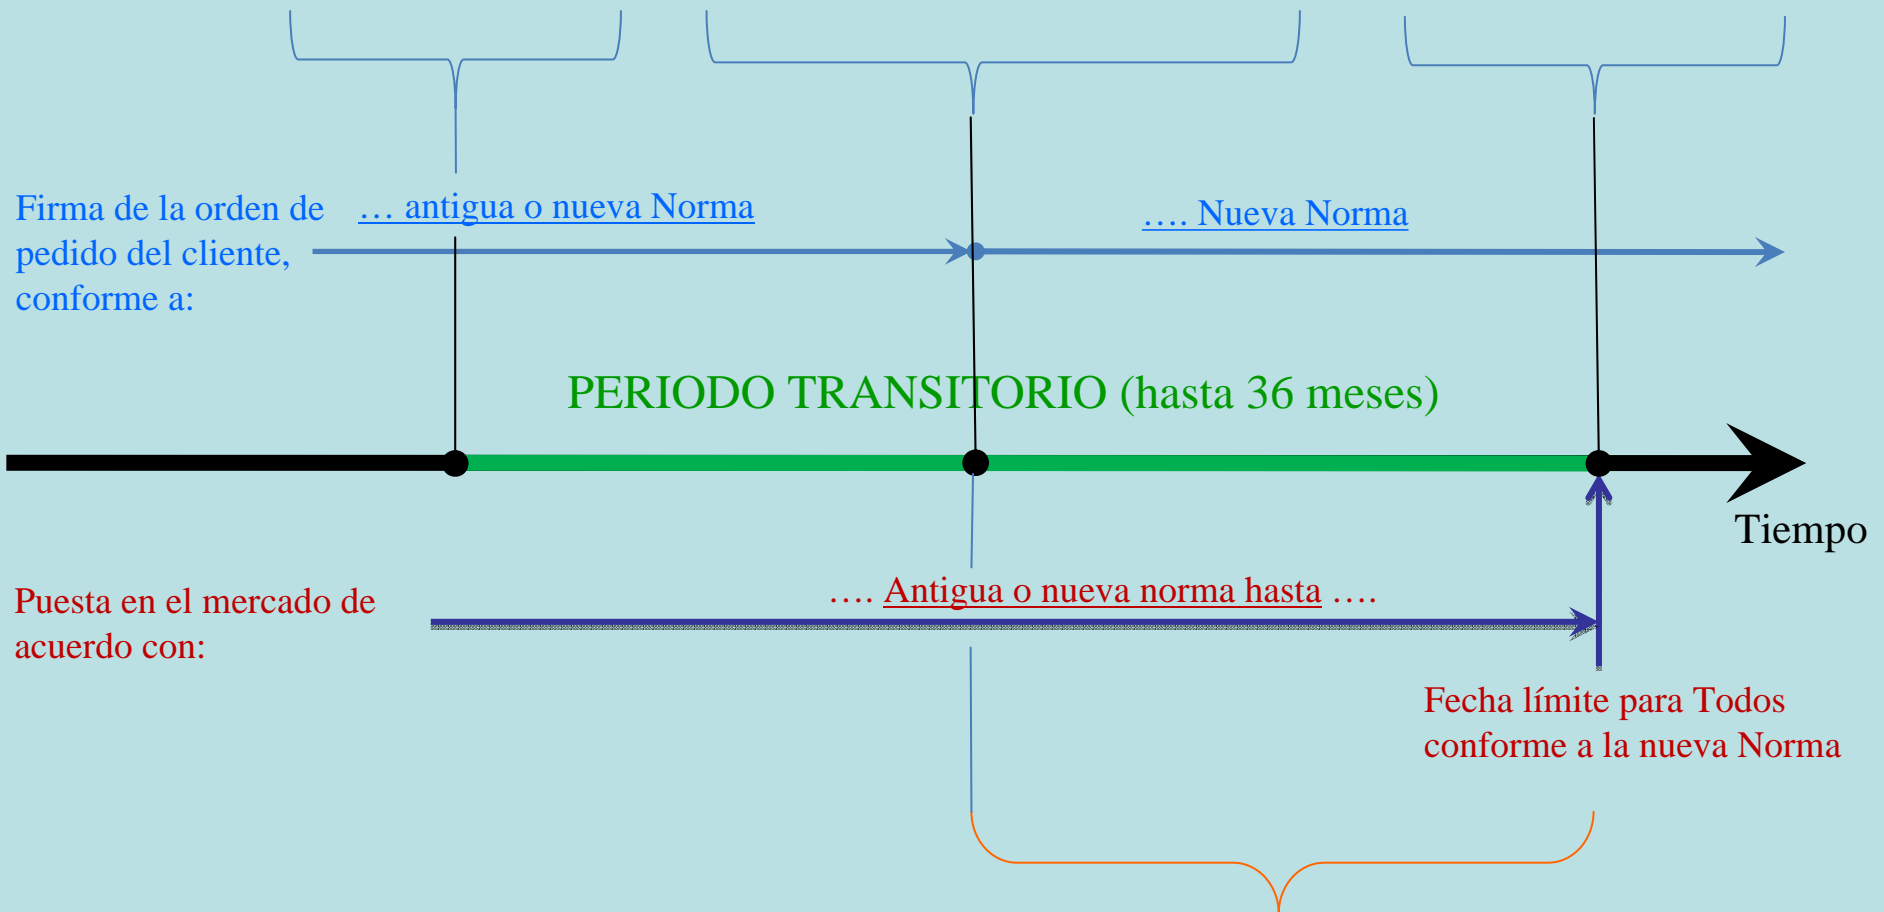

JUNTA GENERAL ORDINARIA 16 05 2012
